

## HEALTH, SAFETY AND ENVIRONMENT POLICY

United Design International (UDI), a leading Interior Design and Build Company, committed to deliver superior quality products & services.

Our Specialization includes:

- Turn-key Interior Design solutions,
- Customization in the Specific Project Requirements,
- Meeting requirements for high profile clients across UAE

UDI has established, implemented, maintaining and continually improving HSEMS in accordance with ISO 9001:2015, ISO 14001:2015 and ISO 45001:2018 International Standards.

We assert our commitment to:

1. Meet legal, regulatory & other applicable HSE requirements.
2. Establish and achieve SMART HSE Objectives.
3. Provide safe and healthy workplace while conducting its work activities in a manner that protects the environment.
4. Provide good work environment to our employees, clients and other interested parties through Safe System of Work.
5. Prevent ill health and Injury by controlling the HSE risks, resulting from our operations & business activities.
6. Minimize negative impact on the environment to prevent pollution.
7. Ensure proper implementation of waste management processes across UDI Projects.
8. Prevent & eliminate HSE Hazards by implementing effectively 'Corporate Risk Management Policies and Procedures'.
9. Create HSE awareness and training to all UDI staff and interested parties.
10. Monitor, Measure and Continually Improve HSE Performance.
